

# XarxaFP

EUROPEAN VET MOBILITY NETWORK

## ***VET Mobility 2016 Facts & Figures***

Supported by:

## XARXA FP is a European non-profit association created in 1999 gathering 23 cities from 9 countries working together on VET Mobility & Innovation

Xarxa FP aims to improve the quality of Vocational Education and Training (VET) across Europe by:

1. Developing common **mobility strategies** among cities aimed at VET students and professionals
2. Developing strategic partnerships through **international VET projects**
3. Contributing to the design of **EU VET policies**

Supported by:

## Evolution of the mobility flows among Xarxa FP cities between 2010 and 2016

Supported by:

## Total number of students and teachers sent and received by Xarxa FP cities in 2016

# “Mobility Managers”: a sign of identity

Mobility Managers are designated by each city and their tasks are:

---

Coordination of the students’ mobility (sent and received) with other cities’ Mobility Managers

Management of work placements – liaison with companies, VET centres and Chambers of Commerce

Welcoming and monitoring foreign students (e.g. accommodation, introduction to local culture, monitoring work placement, documentation).

---

# Partnership approach

Every city should cooperate with:

Supported by:

## Network's added value

Every year Xarxa FP arranges around **400 mobility actions** including internships for VET students and trainings for VET teachers in European cities members of the network.

**Know-how on EU projects** and use of **standard mobility procedures and documentation** in all participating cities (Agreement, Evaluation, Certificate).

Partnerships based on **mutual trust** and more than **15 years of experience on internationalisation strategies.**

Participation in a variety of international projects to improve **VET training methodologies, exchange of good practices and knowledge & innovation transfer.**

**“Spin-off”** effect: Xarxa FP can be a platform for local administrations to work beyond VET projects
