XARXA FP is a European non-profit association created in 1999 gathering 33 cities from 15 countries working together on VET Mobility & Innovation

Xarxa FP aims to improve the quality of Vocational Education and Training (VET) across Europe by:

1. Developing common **mobility strategies** among cities aimed at VET students and professionals
2. Developing strategic partnerships through **international VET projects**
3. Contributing to the design of **EU VET policies**

“Mobility Managers”: a sign of identity

Mobility Managers are designated by each city and their tasks are:

Coordination of the students’ mobility (sent and received) with other cities’ Mobility Managers

Management of work placements – liaison with companies, VET centres and Chambers of Commerce

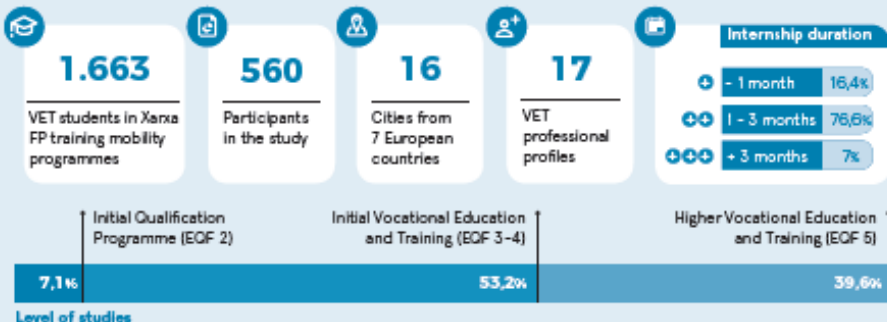

Welcoming and monitoring foreign students (e.g. accommodation, introduction to local culture, monitoring work placement, documentation).

Europe & mobility

Network's added value

Every year Xarxa FP arranges around **800 mobility actions** including internships for VET students and trainings for VET teachers in European cities members of the network.

Know-how on EU projects and use of **standard mobility procedures and documentation** in all participating cities (Agreement, Evaluation, Certificate).

Partnerships based on **mutual trust** (*no money exchange*) and 20 years of **experience on internationalisation strategies**.

Participation in a variety of international projects to improve **VET training methodologies, exchange of good practices and knowledge & innovation transfer**.

“Spin-off” effect: Xarxa FP can be a platform for local administrations to work beyond VET projects.

All members of XARXA FP are certified under **ISO quality standards (ISO 9001:2015)**
